

LAKESIDE HEALTHCARE ST NEOTS  
PATIENT PARTICIPATION GROUP

**Patient Participation Awareness Week**  
**31<sup>st</sup> May – 5<sup>th</sup> June 2020**  
[www.napp.org.uk](http://www.napp.org.uk)

**We are patients, just like you.**

**Cedar House Surgery, Dumbelton Medical Centre & Eaton Socon Health Centre**  
**Patient Participation Group**  
are proud to be involved with the  
National Association for Patient Participation's Awareness Week

The group was started in 2006 and have worked with the practice to enhance the delivery of primary care services in a number of areas. To date here are just a few of the initiatives which we have introduced and we are always looking for more and welcome your input:

1. **Baby Changing Facility, located in the disabled toilet at Cedar House**
2. **Blood pressure monitor machine**
3. **Water dispensing machines**
4. **Examination Beds**

During the pandemic we continue to support the Practice in anyway we can and as soon as we are given the go-ahead we will re-commence our meetings

What PPGs do, & what Patient **Participation** is:

**P**atients who are

**A**ctive in taking

**R**esponsibility for their health and work as a

**T**eam with their practice to ensure that patients are well

**I**nformed about health matters which affect the

**C**ommunity,

**I**ndividual patients and the

**P**ractice, to raise

**A**wareness of wider issues in the NHS, including the use of

**T**echnology. PPGs are

**I**nvolved and can have influence in improving the quality of care.

**O**bjectives are to improve patient experience in primary care in the **NHS**
